

SENIOR CONNECTIONS

STAND-ALONE PRESCRIPTION DRUG PLANS:

Anyone with Original Medicare (Medicare Part A and/or Part B), with or without a supplement (often called Medigap), can use this list to help them find and compare prescription drug plans. Those with the Advantage Plans (Medicare HMOs) should not use this list because enrolling in a stand-alone Medicare Prescription Drug Plan could cancel their current insurance. Blue Cross /Blue Shield's Preferred Choice 65 (PC65), in Lane County is the only exception and can use this list. A Complete list of Advantage plans can be found at <http://www.medicare.gov/medicarerereform/mapdpdocs/MALandscapeor.pdf>.

Stand-Alone Prescription Drug Plans Landscape

What is the Landscape of Local Plans?

The Landscape of Local Plans lists all plans available in your area, providing important information on:

- Cost (premiums, deductibles and payments)
- Coverage (important issues around what and how drugs are covered)
- Convenience (pharmacy and mail-order options)

How to read the Stand-Alone Prescription Drug Plans Landscape

Stand-alone Prescription Drug Plans let you add drug coverage to the Original Medicare plan and some Medicare Advantage and other Medicare Health Plans. To help you better understand this information, read on for a description of each column in the Landscape.

DESCRIPTION

Organization Name: The name of the company offering the Medicare drug plan. Some organizations offer more than one Medicare drug plan.

Plan Name: The name of the Medicare drug plan.

COST

Drug Plan Premium: The total amount you would pay the plan each month for prescription drug coverage. This amount does not include coverage for other health care expenses like going to the doctor or hospital. You are also responsible for your Part B premium and any premiums for Medigap coverage if you have Medigap.

Drug Deductible: The amount you pay before the drug plan begins to pay.

COVERAGE

Offers Variable Copayments (tiers): In plans that offer variable copayments, you will pay a fixed amount for each drug and this fixed amount may be different depending on the type of drug. For example, you may pay a lower copayment for generic medications compared to brand medications because generic medications may be on a lower formulary level (tier) than brand medications.

Type of Extra Coverage Offered in the Gap: All plans offer coverage until you hit a limit of \$2,250 in total drug costs. And all plans offer coverage when your out-of-pocket costs exceed \$3,600. Some plans offer coverage during the gap between \$2,250 in total costs and \$3,600 in out-of-pocket costs.

Generics Only: Plan covers generic drugs in coverage gap.

Generics and Brands: Plan covers generic and brand drugs in coverage gap.

Number of Top 100 Drugs on Formulary: How many of the most commonly used 100 drugs by people with Medicare the plan covers.

CONVENIENCE

Mail Order Offered: Whether you can get your drugs in the mail.

For more information about Medicare prescription drug coverage, visit www.medicare.gov on the web.
